

Casper

It's about being down on your luck and having no friends for comfort. "Casper" is the place where you grew up or you are very familiar with and now you are traveling to that place. A place where you found friendship, joy, happiness, and love.

I grew up in a magical time with great friends and family in a small town. I still love those friends today as they are some of the best people I have met in my life. This is a "driving" tune that I like to listen to when I am driving my car on a long distance.
